

**HR351 Entering and Maintaining Disciplinary Actions****Entering and Maintaining Disciplinary Actions Overview**

The Cardinal Disciplinary Action pages are used to record and track written notices and disciplinary actions. In addition, when the disciplinary action results in a change to the employee's job classification or compensation, an update to the employee's Job Record is required to impact the HR and Payroll functional areas (e. g., demotions, reductions in pay, terminations). DHRM will allow agencies to delete written notices and the associated disciplinary actions from the disciplinary action pages vs. requiring DHRM intervention. However, DHRM involvement is still required to modify the employee's job data record and reverse the disciplinary action then DHRM. This will require a PPS ticket to be created.

Use this Job Aid when Agency HR receives the documentation for a new written notice, a change to an existing written notice, or to rescind a written notice entirely (e.g., grievance, management decision or hearing).

Written notices can only be entered for VPA employees. Cardinal will not allow the user to enter a written notice for a non-VPA employee.

The Agency HR Administrator enters the written notice, along with the related details, which include the date of the offense, the nature of the offense, and any relevant agency notes. The expiration date of the written notice will default based on the group level. No manual updates will be made to this field. Agency HR can view the written notices via the online page or by using custom reports and queries. If there is a reverse or update to the disciplinary action, Agency HR will have the ability to update as required.

Agency HR Administrators will have display only access to Disciplinary Actions entered by other agencies for their active employees.

After a written notice has been entered, the agency will record the disciplinary actions associated with the written notice. The types of Disciplinary Actions include:

- Disciplinary Lateral Transfer
- Disciplinary Demotion
- Disciplinary Pay Reduction (must accompany a Disciplinary Lateral Transfer and Demotion)
- Suspension
- Termination – Involuntary (Violation of Standards of Conduct)

The Agency HR Administrator also needs to enter the associated disciplinary action(s) on the employee's job record with the appropriate action and action reason. For further information on maintaining employee data, see the Job Aid titled **HR351 Maintaining Employee Data**. For further information on employee salary reduction, see the Job Aid titled **HR351 Employee Compensation**. These Job Aids can be found on the Cardinal website in **Job Aids** under **Learning**.

**Note:** For disciplinary action(s) that result in a pay reduction, follow the **DHRM Policy 1.60** and **3.05**.

5. Click the **Type Look Up** icon and select the applicable type. The following types are available for selection:
  - a. Type 1: Group I Written Notice and expires two years from the reported date. Once selected, the page will refresh and the **Expiration Date** field at the bottom of the **Written Notice** section will auto populate (two years from the reported date)
  - b. Type 2: Group II Written Notice and expires three years from the reported date. Once selected, the page will refresh and the **Expiration Date** field at the bottom of the **Written Notice** section will auto populate (three years from the reported date)
  - c. Type 3: Group III Written Notice and expires four years from the reported date. Once selected, the page will refresh and the **Expiration Date** field at the bottom of the **Written Notice** section will auto populate (four years from the reported date)

**Note:** For situations where there are multiple Written Notices for the same type on the same day, there will be additional types with a decimal point available for selection. Example 1, 1.1, 1.2, 1.3.

6. The **Reported Date** field defaults to the current date. Update as needed using the **Reported Date Calendar** icon. This is the date the written notice was issued.

**Note:** If the **Reported Date** field is updated, the **Expiration Date** field at the bottom of the **Written Notice** section will automatically update based on the reported date and the type previously selected.

7. Enter a summary of the offense in the **Description** field.
8. Enter/select the employee's supervisor using the **Supervisor ID Look Up** icon.

The **Written Notice** section is now complete.
